

Jesús Manuel Martínez Serpa

Frontend Developer | React, TypeScript, JavaScript (ES6+), AI Integration

Montería, Córdoba, Colombia | Phone: +57 304 296 2947 | Email:

jesusmanuelserpa23@gmail.com

Professional Profile

Frontend Developer with over 1 year of practical experience building scalable web applications with React, TypeScript and JavaScript (ES6+). Specialized in Artificial Intelligence integration through language model APIs (Gemini), REST API consumption and performance optimization with Vite. Proven track record developing and deploying production-ready applications with clean component-based architecture. Strong focus on responsive design, accessibility (WCAG) and performance (Core Web Vitals). Technical English B1+, documentation reading, collaboration and code writing in English. Driven to contribute to agile teams focused on high-impact frontend products.

Work Experience

Frontend Developer - Independent / Open Source Projects | Freelance | Remote |
January 2026 - Present

Design, develop, and deploy multiple production-ready web applications, demonstrating end-to-end responsibility from architecture to deployment.

- **AI Clone with Gemini:** developed a professional-grade AI chat interface using React and TypeScript, integrating Google's Gemini API for real-time language model responses. Implemented prompt engineering logic, streaming rendering, and global state management.
- **Responsive Landing Pages:** developed three product landing pages (burger, H2R motorcycle, and hotel) applying pixel-perfect layout, CSS animations, and mobile-first design. The burger and motorcycle ones built with React, and the hotel one with vanilla JavaScript.
- **Professional Portfolio:** built a portfolio site optimized with Vite and React with Lighthouse score over 90, focused on accessibility, SEO, and fast loading times.
- **Component-Based Architecture Systems:** developed reusable UI components with Next.js and CSS3, prioritizing rendering efficiency, code reusability, and separation of concerns.

Education

Web Development | Udemy | Completed 2025

Health Administration (Undergraduate) | Universidad de Córdoba | In progress

Intensive English Program (B1+) | Universidad de Córdoba | In progress

React: From Zero to Expert (Hooks and MERN) | Udemy | Completed 2024

- 200+ hour course on React Hooks, Context API, Redux, MERN stack, testing, and performance optimization.

Web Development Fundamentals | Platzi | Completed 2024

- Programming logic, algorithms, HTML5, CSS3, JavaScript fundamentals, and Git version control.

Certifications

- React: From Zero to Expert - Udemy (2024)
- Basic Programming - Udemy (2024)
- Basic Programming Course - Platzi (2024)

Technical Skills

- Languages and Frameworks: JavaScript (ES6+), TypeScript, React.js, Next.js, HTML5, CSS3
- AI and APIs: Gemini API Integration, REST APIs, async/await, Axios, Fetch API, Prompt Engineering
- Tools and DevOps: Vite, Git, GitHub, GitHub Actions (CI/CD), Vercel
- UI and Design: Responsive Design, Mobile-First, CSS Grid, Flexbox, Accessibility (WCAG)
- Methodologies: Clean Code, Component-Based Architecture, Git Flow, Agile, Scrum
- Testing: Jest (basic), React Testing Library (basic)
- 3D Graphics & WebGL: Three.js, WebGL, Shaders (GLSL), Physics Engines (Cannon-es / Rapier), React Three Fiber
